Summary

Skilled Full Stack Web Developer experienced with multiple programming languages and design frameworks. Brings knowledge to contribute and skills to produce quality applications with consistent on-time deliveries. Offers eye for design details and analytical abilities to identify and prevent missteps.

Experience

.NET Full Stack Web Developer

December 2023 to Present

P.C.S – Kathmandu, Nepal

- Worked full-time on projects like the ERP system for the Nepal Tourism Board (NTB), providing support to the Nepal Telecommunications Authority (NTA), and developing the P.C.S Accounting System.
- Acquired skills in Next.js, PostgreSQL, SQL Server, and Azure DevOps.
- Contributed to all stages of software development, from planning and design to building robust applications.

.NET Full Stack Web Developer Intern

November 2023 to December 2023

P.C.S – Kathmandu, Nepal

- Assisted in all software development project aspects, such as planning, design and building.
- Learned new skills, testing techniques and troubleshooting best practices.
- Created HTML templates, JavaScript files and CSS for UI module development.
- Attended training to learn software development theory, techniques and coding best practices.
- Learnt new technologies and systems through extensive research and training to understand software functionality.

Graphic Designer

January 2023 to November 2023

Design Craze – Kathmandu, Nepal

- Worked with Clients to define marketing and design vision for various graphic design projects.
- Contributed to improving web user experience and conversion goals through compelling design.
- Built and maintained strong working relationships across teams to keep design consistency across media.
- Provided day-to-day artwork, receiving design briefs and fulfilling design requests across print and digital.

Full Stack Web Developer

December 2021 to August 2022

Trip Guide Nepal – Kathmandu, Nepal

- Assisted with functionality and performance improvement to create dynamic, robust applications for positive customer experiences.
- Worked with energy and enthusiasm, enhancing positive team morale and building motivation towards web development target.

Full Stack Web Developer

May 2021 to November 2021

Yankoo – Kathmandu, Nepal

- Coded backend services using PHP.
- Completed assigned tasks and reached targets working solely in remote working capacity.
- Estimated project scope and worked with PM team to forecast milestones and timelines.
- Troubleshoot and debugged software to identify and rectify errors, minimizing work disruptions and down time.
- Wrote and defined clean codes to achieve functional and sustainable web applications.

Graphic Designer

February 2020 to March 2021

RS Photo Studio – Kathmandu, Nepal

- Utilized extensive knowledge of Adobe Photoshop and Illustrator to create high-quality images.
- Created design packages to drive on-brand initiatives and increase sales.
- Used Adobe InDesign to create image and layouts according to brief.
- Worked with clients to define marketing and design vision for various graphic design projects.
